

Long B Couplers

Made in the USA

PT Coupling's **NEW** Long B Couplers have an optional port, allow for easier assembly in tight areas, and allow for various fitting configurations for applications that require threaded ports.

Made in the USA, PT's **NEW** Long B Couplers are made from high quality A356-T6 Aluminum – ensuring durability and lightweight. PT's Long B Couplers allow for easier camming of the cam arms in tight areas, they can be machined with a port for sampling/pressure gauges, and can be used to create different configurations of ported cam and groove fittings.
