ORIGINAL RHINO HYDE® BLUE

There's no denying Original Rhyno Hyde Blue polyurethane sets the bar for extended wear resistance for the most demanding jobs. That's because we custom designed and developed it after extensive field testing across many industries and multiple applications.

**BUILT FOR THE ULTIMATE IN ABRASION, CORROSION AND CHEMICAL RESISTANCE,
 OUR RESILIENT ELASTOMERIC URETHANE LINERS ARE LIGHTWEIGHT AND EASY TO INSTALL.**

IDEALLY SUITED FOR: AGGREGATE, CONCRETE, MINING, GRAIN

THEY ALSO PROVIDE STRONG LOW-TEMPERATURE PROPERTIES AND SIGNIFICANT NOISE REDUCTION.

Recommended for the bulk handling of the most abrasive materials, Rhyno Hyde is available in different thicknesses, chemistries and hardnesses, depending on your application and environment.

WHAT MAKES ORIGINAL RHINO HYDE BLUE TOUGH TO BEAT:

- // FDA compliant for dry bulk food handling
- // European Law EC 1935/2010 compliant
- // Resists corrosion, abrasion and chemicals
- // Won't expand or contract with temperature changes
- // Highly resistant to cuts and tears
- // Available in rolls or sheets
- // Dampens noise and vibration
- // Low coefficient of friction
- // Outperforms most plastics and metals in severe abrasion and impact applications
- // Specially designed vertical molds ensure uniform thickness
- // Lightweight build
- // Excellent performance in a wide range of temperatures
- // Available with ceramic chips for extended life
- // Sheet thicknesses from ¼" to 2"
- // All Rhyno Hyde Products materials are always tested to ASTM* standards
