FAG Split Cylindrical Roller Bearings Product nomenclature

Product nomenclature comparison

FAG Split Cylindrical Roller Bearing

S1BCH-215-FL / HD

S1	duty rating
BCH	complete pillow block bearing-cartridge w/seals & housing
215	bearing bore (2.15/16")
FL	floating (expansion) type
HD	held (fixed) type

S1BC-215-FL / HD

S1	duty rating
BC	bearing-cartridge w/seals (an insert)
215	bearing bore (2.15/16")
FL	floating (expansion) type
HD	held (fixed) type

S1B-215-FL / HD

S1	duty rating
B	bearing only
215	bearing bore (2.15/16")
FL	floating (expansion) type
HD	held (fixed) type

S1C-300

S1	duty rating
C	cartridge only
300	group size 3" group cartridge only

ATL-215 aluminum triple labyrinth seal bearing bore (2.15/16")

PH-4 pedestal housing only

FH-4 flange housing only

COOPER® Split Cylindrical Roller Bearing

01 EBCP 215 EX / GR

01	duty rating
EBCP	complete pillow block bearing-cartridge w/seals & housing
215	bearing bore (2.15/16")
EX	expansion (floating) type
GR	held (fixed) type

01 EBC 215 EX / GR

01	duty rating
EBC	bearing-cartridge w/seals (an insert)
215	bearing bore (2.15/16")
EX	expansion (floating) type
GR	held (fixed) type

01 EB 215 EX/ GR

01	duty rating
B	bearing only
215	bearing bore (2.15/16")
EX	expansion (floating) type
GR	held (fixed) type

01 C 300 EX or GR

01	duty rating
C	cartridge only
300	group size 3" group cartridge only

ATL 215 aluminum triple labyrinth seal bearing bore (2.15/16")

P 04 pedestal housing only

F 04 flange housing only

Pillow blocks and flange units take the same insert (BC) numbers for a given shaft size and bearing series.

BREAKDOWN

S1	standard duty
S2	heavier duty
S3	heaviest duty
B	bearing
FL	floating (expansion) bearing
HD	held bearing
C	cartridge
PH	pedestal housing (pillow block)
FH	flange housing (flange block)

BREAKDOWN

01	medium duty
02	heavy duty
03	extra heavy duty
B	bearing
EX	expansion (floating) bearing
GR	held bearing
C	cartridge
P	pedestal housing (pillow block)
F	flange housing (flange block)
