

POWER AND PERFORMANCE FOR THE
Poultry Industry

ENHANCE EFFICIENCY

in Your Operation with Tsubaki Solutions

In today's world, the poultry industry plays a critical role as a significant source of affordable, high-protein food for billions of people worldwide. Ensuring that every process in poultry operations runs without interruptions is vital for maintaining a consistent supply of high-quality products and maximizing efficiency. Tsubaki is here to incorporate innovations and provide solutions to ensure efficiency and productivity of the entire poultry production lifecycle, from farm to table.

Since 1917, Tsubaki has put a continued effort into providing solutions for an extensive range of industries including the poultry industry based on its accumulated know-how, quality, and technical expertise. Tsubaki's variety of innovative products are built to help poultry processing plants and operators maximize operational productivity, minimize the amount of downtime, and process broilers for consumers' chicken meat more efficiently.

DISCOVER THE ADVANTAGES OF TSUBAKI SOLUTIONS

EASY DROP-IN REPLACEMENT FOR OEM EQUIPMENT

INVENTORY AVAILABILITY FOR IMMEDIATE DELIVERY

MARKET-LEADING QUALITY, DURABILITY & LONGEVITY

ENGINEERED TO WITHSTAND CONTINUOUS CYCLES

SUPERIOR CORROSION RESISTANT CHOICES FOR CORROSIVE ENVIRONMENTS

TSUBAKI CHAIN SOLUTIONS FOR QUALITY POULTRY PROCESSING

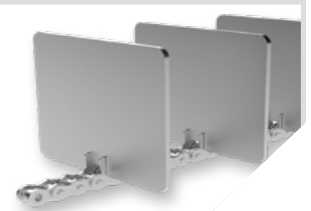

CAGE DUMPER DRIVE CHAIN

- Used in a cage dumping (unloading) systems, ensuring a smooth transfer of broiler chickens from cages to plant
- Available with Tsubaki's superior Neptune® coating for exceptional corrosion resistance in outdoor, high-humidity conditions
- Ideal choice for reduced downtime and maintenance costs
- Built with premium quality materials for durability and reliability

INDUSTRIAL BREADER CHAIN

- Quick and easy drop-in replacement for OEM industrial breeding equipment
- Paddle design available for the incline conveyors
- Available in AS 600 stainless steel series with specially designed paddle attachments
- Other stainless steel options available, including Super Stainless™

INDUSTRIAL FRYER DRIVE CHAIN

- Used in the drive segment of the industrial fryer system
- Available in Super Stainless™ providing the corrosion resistance of stainless steel and the strength of carbon steel
- Excellent choice for maximized cost savings in harsh operating conditions
- Other stainless steel options available, including AS 600 stainless steel series

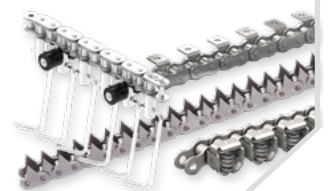

VACUUM WRAPPER CHAIN

- Chain for vacuum wrapper equipment used in meat-packaging applications
- Threaded D-1 attachments available in various configurations for immediate delivery
- Built to tolerate high speed, extreme temperatures, and corrosion from sanitary washdowns
- Designed for smooth sprocket engagement for extended wear life

OPTIONS FOR OTHER VARIOUS APPLICATIONS

- Top quality custom chains made for specific equipment or requirements
- Proven reliability for common applications including industrial smokehouse, deboning, and roll stock packaging, and many more
- Contact Tsubaki now to discover a wide range of chain offerings that meets your needs
